TO THE

READER

YOU are here presented with a Catalogue of the Libraries of Dr. *Jasper Gunter*, and of a Learned Lawyer lately deceased, in which you will find variety of good and scarce Books in Physick, Mathematicks, Law, History. And though now I have a fair occasion in commendation of the Books to make a just Harangue, (to which only they can be Enemies, that want Talents to compose it) yet I think it more for the satisfaction and advantage of the Buyer, without any further Preface, to refer him to the perusal of the Catalogue it self.

This AUCTION will begin on Thursday the 20*th* of this instant *March*, 168$\frac{1}{2}$, at the Auction-House in *Ave-Mary-Lane*, over against the Black-Swan, near *Ludgate-Street*, at Nine of the Clock in the Morning till Twelve, and from Two in the Afternoon to Six, and there continue daily till all the Books be sold.

Conditions

Conditions of Sale.

I. THAT he who bids most is the Buyer; and if any Difference arise, which the Company cannot decide, then the Book or Books shall be forthwith exposed to Sale again.

II. That all the Books in this Catalogue, not otherwise expressed, (for ought we know) are perfect; but if any of them appear to be otherwise before they be taken away, the Buyer shall have his choice of taking or leaving them.

III. That the Money for the Book or Books so bought, is to be paid by the Buyer within a Fortnight after the Auction is ended, or the Place where they are sold, where, upon Payment thereof, the Book or Books shall be delivered for the Fortnight aforesaid.

IV. The Books will be exposed to view for the whole Week before the time of Sale, from the hours of Nine in the Morning till Twelve; and from Two to Six in the Evening.
